Good afternoon,

The following is a new request for access to information.

Please provide all information held by the Council related to the Council's handling of my information requests submitted on 2 February 2026 (your reference FOI-7516), including:

- (a) preparation of the disclosed information in the supplied file 'Copy of Full Council Tax List.xlsx';
- (b) relevant internal or external correspondence and records of decisions, meetings, and discussions, including with third parties such as Ordnance Survey and GeoPlace LLP; and
- (c) any advice or guidance that the Council has relied on or consulted in formulating its positions on disclosure of the requested information and permission for re-use of that information (including from third parties and in discussion forums such as the GeoPlace Authority Contacts Group on KHub).

I am content for the Council to exclude from its response copies of previous correspondence with myself, as that information is already accessible to me.

Please also provide any guidance or documentation related to the Council's management or maintenance of property lists (including cleansing or correction of addresses or postcodes) for the purposes of administering Council Tax, where that guidance or documentation is relevant to either the use of third-party address data, postcodes, and/or UPRNs in those management or maintenance processes or the ownership of intellectual property rights (whether by the Council or by third parties) in the information in the lists.

Thank you for your attention to this information request.

Kind regards,

Owen Boswarva
