**Subject:** FOI and RPSI requests for updated list of assigned council tax band of every property in Leeds

You don't often get email from owen.boswarva@gmail.com. [Learn why this is important](#)

Good afternoon,

Leeds City Council has previously published a dataset providing the assigned council tax band of every property in Leeds. Versions of the dataset for four years from 2015 to 2018 are available on the Data Mill North website and available for re-use under the terms of the Open Government Licence:

<https://datamillnorth.org/dataset/em7lg/council-tax-bands-of-all-properties-in-leeds>

I would like to request the latest version of the same information held by Leeds City Council i.e. an updated list of the assigned council tax band of every property in Leeds, including (at minimum) the address fields, council tax band, and the Council's property reference.

Please also provide the Unique Property Reference Number (UPRN) for each property on the list.

My preference is to receive the above information electronically in a re-usable file format such as Excel or CSV.

I further request, in accordance with regulation 6 of the Re-use of Public Sector Information Regulations 2015, permission to re-use all information provided in response to the above access to information request for the purpose of combining that information with data from existing open public datasets and making the outputs available to others in a re-usable electronic form under an open licence. I request that Leeds City Council grants permission to re-use the information for this purpose either without restriction or under the terms of the Open Government Licence v3 (<http://www.nationalarchives.gov.uk/doc/open-government-licence/version/3/>) or an equally permissive licence. Given my intended use, any more restrictive licensing terms would be likely to "unnecessarily restrict" the way in which the information can be re-used, contrary to RoPSIR regulation 12.

If any third party owns intellectual property rights in any of the above requested information, which the Council is not authorised to license as requested, please specify the relevant information and the name of the third party.

If Leeds City Council is unable to disclose any of the above requested information, or is unable to grant permission to re-use any of the information as requested, please also disclose any information that the Council holds explaining those restrictions or barriers, including any relevant contract or agreement to which the Council is a party or under which the Council is bound.

Thank you for your attention to these requests.

Kind regards,

Owen Boswarva

Dear Team,

We have received a new information request. Please can you provide the relevant information in relation to the request below in red

Please note that in providing this response you are confirming that it has been approved for release. If this is not the case, please let us know. Please also let us know if you believe the information requested should not be released (either in full or in part). The response should be with the Information Governance Team by **28/10**.

If you cannot answer any of the questions in this request, or if it should be redirected to another area, please let us know straight away by return email.

Leeds City Council has previously published a dataset providing the assigned council tax band of every property in Leeds. Versions of the dataset for four years from 2015 to 2018 are available on the Data Mill North website and available for re-use under the terms of the Open Government Licence:  
<https://datamillnorth.org/dataset/em7lg/council-tax-bands-of-all-properties-in-leeds>

I would like to request the latest version of the same information held by Leeds City Council i.e. an updated list of the assigned council tax band of every property in Leeds, including (at minimum) the address fields, council tax band, and the Council's property reference.

Please also provide the Unique Property Reference Number (UPRN) for each property on the list.

My preference is to receive the above information electronically in a re-usable file format such as Excel or CSV.

I further request, in accordance with regulation 6 of the Re-use of Public Sector Information Regulations 2015, permission to re-use all information provided in response to the above access to information request for the purpose of combining that information with data from existing open public datasets and making the outputs available to others in a re-usable electronic form under an open licence. If any third party owns intellectual property rights in any of the above requested information, which the Council is not authorised to license as requested, please specify the relevant information and the name of the third party.

If Leeds City Council is unable to disclose any of the above requested information, or is unable to grant permission to re-use any of the information as requested, please also disclose any information that the Council holds explaining those restrictions or barriers, including any relevant contract or agreement to which the Council is a party or under which the Council is bound.

In dealing with this request please consider the following:

1. The access to information regimes covers information physically recorded and held by the Council. If information is held within the scope of the request this should be provided. If information is not held, this should be confirmed.
2. Can you understand what is being requested? Do you need clarification from the requester?
3. If you estimate dealing with this request potentially exceeds over 18 hours' worth of work, you will need to provide a breakdown of tasks and timings, in order to enable us to evidence this to the requester.
4. Do you require a view or discussion with the Information Governance Team to discuss concerns/ issues/ exemptions or exceptions?

Thank you in advance for your time on this matter.

Kind Regards
